

A Texas Editor says Things.
Says the Aspermont Star: "While making up our forms this week preparatory to going to press we noticed a fly creeping about over them, and the thought struck us that Mr. Fly wanted a nice, quiet place to go into winter quarters and was looking over our forms to see who advertised and who didn't in order that he might thereby select a suitable place to turn in. 'You can't fool a fly.'"
"In the beginning God created the heavens and earth, then the editor, then the liberal advertiser—which was all good. The next day it snowed and he created the man who does not take the home paper—and then rested. And then the devil got into the moulding room and created the man who takes the paper for several years and fails to pay for it. After he had completed that worry job, and having a few lumps left, he created the excuse of a man who settles his subscription by informing the postmaster to mark his paper 're fused.'"

The Easy Pill.
DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decidedly tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble.

A foreign paper tells of an experiment. It was made to see how quickly a tree could be turned into a newspaper. At 7:35 a. m. a tree was sawed down. Just two hours later it had been made into pulp and paper. At 10 o'clock the first printed and folded copy came from the press. In 145 minutes the tree had been turned into a newspaper.

What Causes Prosperity.
Republican policy has not caused the rain or the sunshine, but it has supplied and protected the market open to the things the rain and the sunshine have brought forth. Nature has given the land, with all its latent possibilities, but the land would be going to waste if there were no market for that it yields. Industry has been stimulated from the certainty that its efforts would not be for naught. A glance back at the awful times of the early pineblows will recall to mind that even then the acres were as fruitful, and the hand of toil as calloused by honest endeavor. There was the rain and the sunshine. Harvest followed seedtime. Yet the looms were silent because none had the means to purchase. To gather the crops was futile, for none would buy. The country was poor because of the artificial and unwholesome financial atmosphere, and this atmosphere was the expression of Democratic faith put into works.—Tacoma Ledger.

Nearly Killed His Life.
A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Backlen's Arnica Salve had no trouble to cure him. Equally good for burns, bruises, skin eruptions and piles. 25 cents at A. H. Parrish's drug store.

"She's been trying to make a fool of me." "Oh, no. She's too ambitious to attempt any such easy task as that."—Chicago Evening Post.

DeWitt's Witch Hazel Salve.
The only positive cure for blind, bleeding, itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. DeWitt's is the only Witch Hazel Salve that is made of the pure, unadulterated witch hazel—all others are counterfeits. DeWitt's is made to cure—counterfeits are made to sell.

Tendency of the Times.
The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases towards pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia of an acute nature is a slight cold when red anger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by City Drug Store.

Fits
Baby Had Two to Six Every Day.
Suffered Terribly—Doctors Failed.
Dr. Miles' Nervine Cured Him.

Weak, nervous, fretful, puny children require a treatment such as only Dr. Miles' Nervine affords. When neglected these symptoms lead to epileptic fits or spasms. Every mother should strengthen her own and babies' nerves with Dr. Miles' Nervine, a true specific in all nervous disorders. Read the following:

"When my little boy was 15 months old he had cramps in his feet and hands. They would be drawn out of shape for two or three days. At first I thought it was colic, but in about two weeks nothing did any good the doctor gave him. We called another doctor but his medicine did no good so we changed to another who called it spinal disease. By this time the child's body was drawn out of shape; his backbones were curved to one side and his hands and feet out of shape. His sufferings were terrible, and he was having from two to six fits a day. I was taking Dr. Miles' Restorative Nervine for nervous trouble and saw it was recommended for fits, so I thought I would see if it would help him. All three doctors had given him up. One-half bottle stopped the fits and his limbs straightened, and another bottle cured him. He is now a strong, healthy boy going to school. I have waited to see if the old trouble returned, before writing you, but it never has. I cannot praise Dr. Miles' Nervine enough, as I know it saved my boy's life."—MRS. URIAH NELSON, Lansing, Iowa.

Mr. H. Higgins of Melbourne, Fla., writes: "My doctor told me I had consumption and nothing could be done for me. I was given up to die. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by A. H. Parrish, druggist. Price 50c and \$1.00. Trial bottles free.

"Do you think you could be happy with a man like me?" said Willie Washington earnestly. "Oh! yes," answered Miss Cayenne, after a pause. "I think so; if he wasn't too much like you."—Washington Star.

Better Than Gold.
"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50 cents. Satisfaction guaranteed by A. H. Parrish.

"Mary, there's three months' dust in the drawing-room!" "That isn't my fault, mum. You know I've only bin here a fortnight."—Puck.

The Eminent Kidney and Bladder Specialist.

The Discoverer of Swamp-Root at Work in His Laboratory.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, or the kidneys themselves break down and waste away cell by cell. Then the richness of the blood—the albumen—leaks out and the sufferer has Bright's Disease, the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root the new discovery is the true specific for kidney, bladder and urinary troubles. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At druggists in fifty-cent and dollar sizes. A sample bottle sent free by mail, also a book telling about Swamp-Root and its wonderful cures. Address Dr. Kilmer & Co., Binghamton, N. Y. and mention this paper.
